

SUBJECT KS3: Year 8

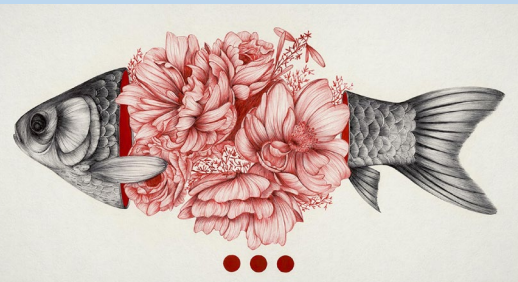

Bugs

End point: Create a 3d piece of art using all the resources from the sketchbook. Show development of an idea and selecting appropriate resources from the sketchbook.

Fish
Knowledge: In this Year 8 project pupils will look at the subject of fish through 2D and 3D techniques.

Skills: Pupils will improve observational drawing skills in pencil, crayon, pastel and paint. Pupils will be introduced to 3D techniques, with reference to appropriate artists Alabonia Haeckel, Louise Bourgeois, Lucy Arnold and Damien Hirst.

**SUMMER
3:2**

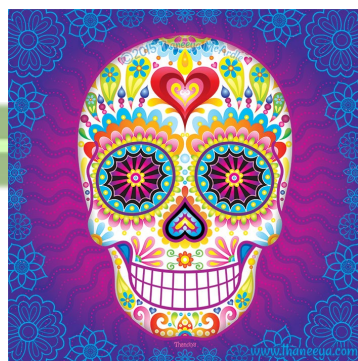

Culture 2

Pupils will explore the visual features of art styles from a range of cultures. Egyptian, Japanese and Native American cultures will be explored. Students will use a range and consider customs and traditions while developing ideas.

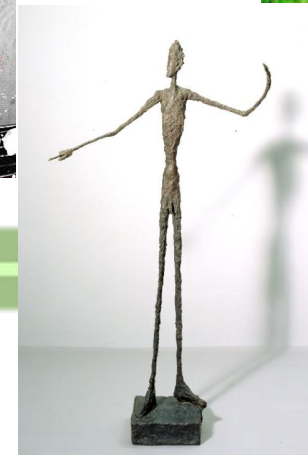

**SUMMER
3:1**

**SPRING
2:2**

**SPRING
2:1**

Culture 1

Students will identify key characteristics of visual arts in other cultures. Chinese, South American and India's use of colour and pattern will be explored through use of media and techniques.

**AUTUMN
1:2**

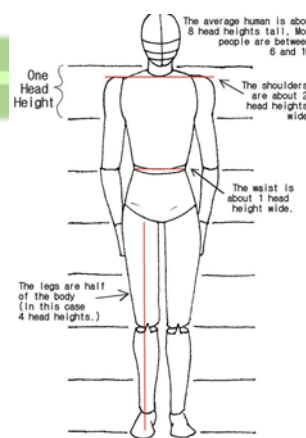

Studying the proportion of the figure

Knowledge: To understand the artwork created by Keith Haring, artist and activist.

Skills: To learn proportion of the human figure, experimenting with materials and designing and creating outcomes.

End Point: Create a piece of art work that includes figures, that symbolizes a message or meaning. Present responses in the sketchpad and show, analysis, experiments and developments of their resources into outcomes
