

# SUBJECT KS3: Year 9

## Mixed Media

In this project classes will explore 3D artwork. We will look at the sculptural work of Claus Oldenburg and create clay pieces. We will also explore found object sculptures using materials such as tin foil and recyclables.

SUMMER  
3:2

## Photography

Students will use digital cameras to explore texture and text photography. Classes will learn how to download and edit images using Photoshop.

## Digital Drawing

Classes will explore Photoshop and digital pens in order to create some computer based outcomes. Students will refer to the bold portrait work of Andy Warhol and the bold text style of Lichtenstein.

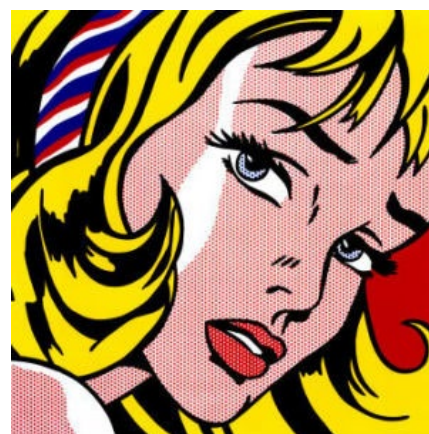

SUMMER  
3:1

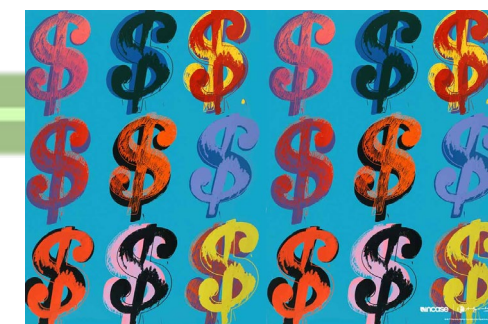

SPRING  
2:2

## Printmaking.

Students will create monoprints inspired by Pop culture. They will look at logos and branding and Warhol's use of repetition. Monoprinting using oil pastels, carbon printing and relief printing will be explored.

SPRING  
2:1

AUTUMN  
1:2

## Painting Skills

In the painting project we will use poster paint and watercolours to explore the work of Pop artists such as Lichtenstein, Warhol and Jeff Koons. Pupils will recall colour theory, mixing skills and brush technique.

AUTUMN  
1:1

## Drawing Skills.

Students will practise their drawing skills when observing sweet treats. We will work from both primary and secondary source materials. Classes will draw using biro, coloured pencils and shading pencils to explore the sweet treats theme.
