EXAM PREPARATION

SPRING 2:2

Topic Unit R088: Creating a digital sound sequence
This unit builds on units R081 and R082 and learners will be able to apply the skills, knowledge and understanding gained in those units This unit will enable them to understand where digital sound sequences are used in the media industry such as radio, film, web applications or computer gaming. Students will also learn how these technologies are developed to reach an identified target audience. On completion of this unit, they will understand the purpose of digital audio products and where they are used. They will be able to plan a digital sound sequence, create and edit a digital sound sequence and review the final sound sequence against a specific brief.

Topic Unit R088: Creating a digital sound sequence
Coursework

SPRING 2:1

AUTUMN 1:2

Topic: R085: Creating a multipage website)

Coursework

Topic: R085: Creating a multipage website)
This unit builds on units R081 and R082, This unit will enable learners to understand the basics of creating multipage websites. It will enable learners to demonstrate their creativity by combining components to create a functional, intuitive and aesthetically pleasing website. It will allow them to interpret a client brief and to use planning and preparation techniques when developing a multipage website.
Learning Outcome 1: Understand the properties and features of multipage websites
Learning Outcome 2: Be able to plan a multipage website

AUTUMN 1:1
