Year 7 Science

P1.4 Electric circuits: current and voltage

Big idea – Electricity transfers energy

C1.3 Mixtures

Big Idea – Structure determines properties

Biology

B1.3 Interdependence

Big idea – Organisms are interdependent

Term 3

Physics

P1.2 Space and P1.3 Energy transfers

Big idea –Fields produce forced & energy is conserved

Chemistry

C1.2 Elements, Atoms and Compounds

Big idea – Structure determines properties

Biology

B1.2 Reproduction

Big idea – Characteristics are inherited

Term

2

Physics

P1.1 Contact Forces

Big idea – Forces predict motion

Biology

B1.1 Cells

Big idea – cells are alive

Chemistry

C1.1 Particles

Big idea – Structure determines properties

Term 1

OUR LEARNING JOURNEY
